A DAY IN THE SUN, GOLFING FOR FUN

Welcome to the SBAC's 13th Annual Golf Outing! We are beyond thrilled to see you all after a rather tumultuous and unpredictable 2021. So let's enjoy all of what this LIVE event has to offer - comraderie, intensity, fun, laughter and being outside together again.

THE SBAC MISSION

We believe the success of small businesses is a critical component of local communities and the nation's economy. The SBAC has spent the last decade alongside small business owners fighting for reasonable policies that foster a healthier small business environment economically, socially, and culturally.

The SBAC's non-partisan approach continues to shape local, state, and federal small business legislation.

Thank you to all of our sponsors for making this happen!

YOU'RE ALWAYS LOOKING FOR A BETTER WAY TO DRIVE AHEAD.

We can help by offering some of the most innovative products and services in banking. The drive for better never stops. That's why we're proud to support the Small Business Advocacy Council.

SBAC WINS

OCCUPATIONAL LICENSING

Occupational licenses can create unnecessary barriers for Illinois residents looking to start new jobs and roadblocks for entrepreneurs to start new businesses. HB5576 builds on the current licensing review process by collecting important information about the requirements associated with obtaining a license, so they can be more comprehensively reviewed by the General Assembly, and will provide crucial information which can help legislators evaluate occupational licenses and eliminate or modify them when appropriate.

PUBLIC WAY USE PERMITS

The SBAC and a robust coalition of business and community organizations have been fighting to reduce the time it takes for small businesses to obtain a sign or other public way use permit. In July 2021, an ordinance was passed that eliminates the need for City Council approval on almost all sign and other public way use permits. In addition, since March 2022, Chicago businesses are allowed to use sandwich signs to drive foot traffic into their stores!

HOME-BASED BUSINESSES

Ordinance SO2021-332 expands the limit on home based business operational space to 300 square feet or to 25 percent of the total floor area in any single-family residence, and more than 15 percent of the floor area of a unit in a building containing multiple dwellings. This allows business owners to unleash their productivity and work from home during the pandemic. The ordinance represents a successful collaboration of partnerships between the SBAC, the IJ Clinic, and BACP. .

TAX DEDUCTABILITY OF PPP LOANS

In April, the IRS published Notice 2020-32 saying that under section 265 of the Internal Revenue Code business expenses paid for from a class of tax-exempt income – a forgiven PPP loan – are taxable. Urgently, with the aid of our members and Chamber partners, we used our voice in the nationwide effort demanding a legislative solution. That solution was reached with Section 276 of The Consolidated Appropriations Act 2021. This amended the original CARES Act to clarify that PPP loans are in fact tax-deductible – a major victory for the grassroots effort to save small businesses.
