Welcome and thank you for attending our 5th Annual RSVP Golf Classic!

Your support today will enable us to enhance and expand these critical programs to ensure that each member of our community has a chance at a better life.

Pigital Equity Project
Family Literacy
Literacy Support K-5 Grade
My Free Tutor and STEM

For nearly 50 years, RSVP has been a vital and responsive resource for some of the unmet needs in our local communities, including those of our most vulnerable children, families, veterans and the elderly.

Through collaboration and partnership with nonprofit and government agencies, corporations, United Ways, school districts and aging agencies, we harness the tremendous potential of volunteers into a dynamic force for change by creating responsive programming as critical needs within our communities emerge.

Currently, more than **1,200** adults are actively volunteering through our dynamic programs. During 2021, our volunteers positively impacted the lives of **7,000 vulnerable community residents** by helping children and adults learn to read, tutoring students and veterans in math, exposing students to exciting careers in the STEM fields, assisting low-income seniors, mentoring at-risk youth, providing Medicare counseling, providing warm meals to homebound seniors, helping adults and seniors gain confidence on their digital devices, and volunteering their time in many important community programs. What's remarkable, is that all of these programs shifted from one-on-one to virtual and continued to deliver uninterrupted support and services where needed most.

Thank you for joining us today! We are so grateful for your support. If we can improve your day on the course in any way, please let us know. Enjoy!

# Today's Golf Classic Benefits RSVP's Virtual Programs

Each year, RSVP programs positively impact the lives of local residents through award-winning programs created to address the needs of some of our most vulnerable populations.

During 2021, COVID shut down our communities. When our volunteers were no longer able to serve in person, we responded by transitioning our programs to virtual platforms. It was more critical than ever to help students face the challenges of this new form of learning and to help bridge the digital divide between disadvantaged students, adults and seniors.

We recruited hundreds of additional eager volunteers to compliment the 1,200 loyal and dedicated volunteers already meeting community needs to ensure our **COVID Response Programs** were delivering services where they were needed most.

Families facing hunger were secured access to food pantries, distribution events and home delivered meals.

Our newest program, Digital Technology
Training, provided Zoom coaching sessions
to adults helping to bridge the gaping
digital divide
revealed during these past years.
Train-the-trainer sessions were provided to
staff of nonprofit agencies who will offer training
sessions to their members.

RSVP volunteers take on roles to help disadvantaged preschool students and their families; at-risk youth, low-income elderly, those with low literacy and STEM skills, seniors needing help with health insurance and benefits; and capacity building support to area nonprofits throughout the Greater Philadelphia area.

#### **RSVP Programs**

Benefit Children through Engagement and Education and Adults/Seniors through Wellness and Education

During COVID, these programs shifted to virtual in order to ensure the safety of students and our volunteers.

#### **Family Literacy**

84% of teachers affirmed that these sessions improved overall grade-level reading progress for their class Volunteers read aloud to to Head Start preschoolers to excite students about reading and expose them to letters, colors, sounds and storytelling.

Books are gifted to students several times a year ensuring that each child will have a book to call their own along with reading tips for parents to promote reading at home.

Volunteers work with K - 5th grade students via Zoom sessions to enhance reading skills. Students read grade-level books to volunteer tutors and then discuss the storyline. Student progress is tracked with feedback going to teachers.

Professionals share their career path journey through recorded sessions. Students are inspired and many recognize their potential to make education and career choices they may never have thought were possible. To learn more: https:// www.rsvpmc.org/career-presenters

To address the isolation and lack of access felt by many adults, this new program provides online tutoring to use Zoom, the internet, social media sites, email and smartphones as well as the ability to access community resources.

Adults select the device they would like training on: a computer, tablet, internet, or smartphone. In some cases, a tablet will be provided for low-income seniors.

#### **Digital Equity Project**

#### **In-School Literacy Support**

90% of students improved their reading confidence

Reading coaches encourage K-5th grade students who are struggling with reading and comprehension. These individual sessions enable the volunteer to focus on the student and his/her unique needs eliminating the fear many students have of reading aloud in front of the classroom.

Pairs are now meeting inperson as COVID allows.

To learn more: https:// www.rsvpmc.org/americareads

#### **Literacy Training for Families**

To support the Family Literacy program, RSVP holds workshops for parents of preschoolers to emphasize the importance of reading at home with children. Reading tips, books and materials are provided and some workshops are multi-lingual to ensure each family is provided with appropriate materials and resources.

98% of families better understand how important reading is at home

At Univest, we firmly believe in giving back to the local communities we serve. For over 145 years, it's been our way of making a difference each day, through helping to improve the quality of life for our friends and neighbors. Because local values are as important to us as they are to you.
