RSVP

Your Invitation to Make a Difference

RSVP Mission

RSVP improves the lives of vulnerable populations in the local community by focusing on education and wellness and by supporting nonprofits through skill-based volunteer programs.

Throughout the Greater Philadelphia area, RSVP volunteers enhance their communities by improving the lives of more than 11,000 of their neighbors in need.

Daily, more than 1,200 volunteers take on roles to help disadvantaged preschoolers and their families, at-risk youth, low-income elderly, those with low-literacy & STEM skills, seniors needing guidance with Medicare and support to area nonprofits through vital RSVP program initiatives.

BENEFITING RSVP's PROGRAMMING, AS WE RESPOND TO COVID-19

Family Literacy - Volunteer readers introduce Head Start preschoolers to online books and reading. Parent literacy workshops offer intergenerational support to prepare students to enter Kindergarten.

My Free Tutor - Math and science tutors use an interactive web application to help underserved 4th grade through high school students and veterans increase STEM literacy.

STEM Career Awareness - STEM Professionals record interactive presentations that are made available to teachers to share with and inspire their students.

America Reads - This innovative program supports teachers and students in their classrooms and virtually. Volunteers use simple screen sharing and audio to help students learn to read proficiently by 4th grade.

Technology Training for Vulnerable Populations - This program was created to address an urgent need in the community—removing barriers related to using technology to better connect with school, healthcare, jobs, and more. Participants learn to use the internet, Zoom, email and social media.

**These programs are critical for
vulnerable families**
